Suicide is the second leading cause of death in the U.S. by individuals ages 10 to 34 and yet, it's said to be one of the most preventable. Unfortunately, most of us don't know how to recognize the signs and don't know what to say or do if an opportunity to intervene in a crisis arises. This **FREE "QPR Gatekeeper Training for Suicide Prevention,"** co-sponsored by Josh's Hope and Cardinal Innovations, will teach participants how to recognize warning signs and much more.

**QPR (Question, Persuade, and Refer) Gatekeeper Training for Suicide Prevention** is an educational program designed to teach lay and professional people, referred to as "gatekeepers," the warning signs of a suicide crisis and how to respond. Gatekeepers are anyone who is strategically positioned to recognize and refer someone at risk of suicide, such as parents, friends, neighbors, co-workers, teachers, coaches, caseworkers, pastors, youth workers, police officers, etc. Key components of the training includes:

- how to **Question, Persuade and Refer** someone who may be suicidal
- How to get help for yourself or learn more about preventing suicide
- The common causes of suicidal behavior
- The warning signs of suicide
- How to get help for someone in crisis
